

Chrysalis!

Marisol:
Right now, they are growing in their stage, but soon they'll be ready to spread their wings!

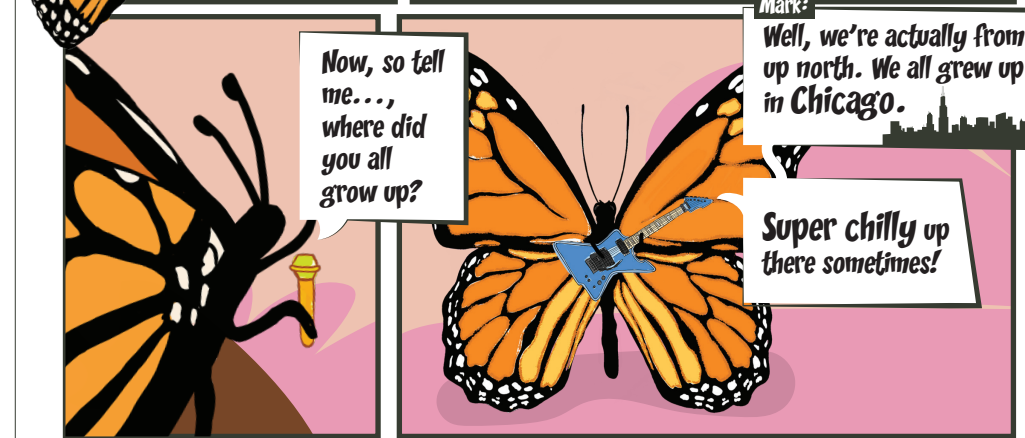

That is absolutely fantastic! Well it was so great meeting with you all! We cannot wait to see you on the road on your tour north next spring!

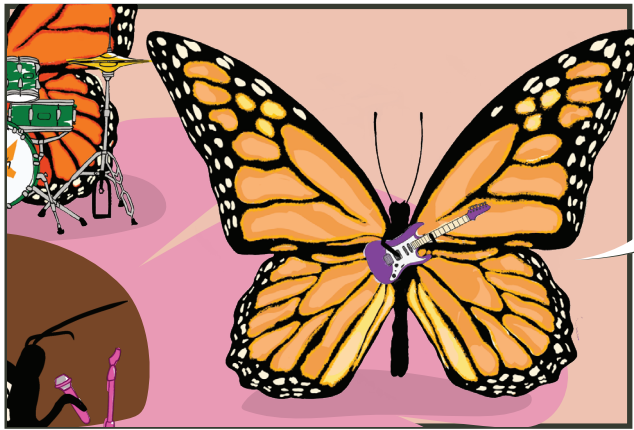

Interview with the TRAVELING MONARCHS AND

Applause!

Marisol:
We're happy to be here! The weather was a little harsh on our wings, but we made it!

Monica:
Yeah! It was definitely time to make a trip down here to **México!** We have to come down here at least once a year to visit!

Thank you for visiting us!

So for a fun question, what are your favorite **snacks?**

Marty:
Ugh, hands down **milkweed!** At least when I was a little piller...

Marisol:
We all really have a sweet tooth. We love munching on nectar when we're on tour! Can't get enough of it!

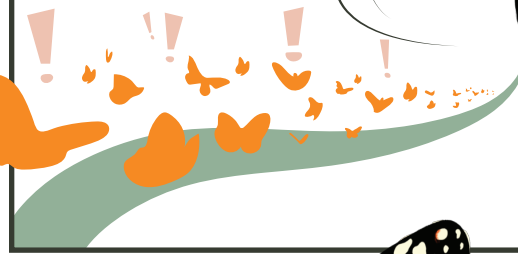

Great, I also have a sweet tooth as well! Nothing like refreshing nectar...

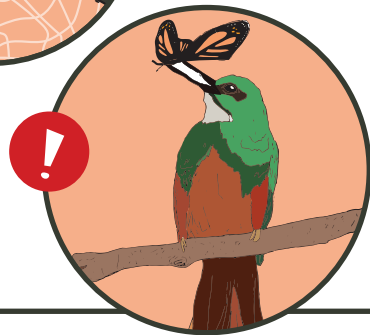

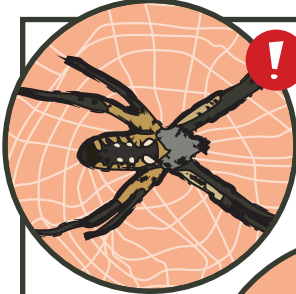

Now, on a more serious note, how is life touring, and what are some of the **challenges?**

Mark:
Well, even though the road is fun, sometimes we don't have a lot of housing.

Marty:
There's always a lot of construction, and sometimes our homes get torn down, so we have to keep flying to find new ones, but many of our friends get left behind.

I'm so sorry to hear that. I'm glad that you all were able to make it here safely. I know that you all have a few rival bands such as "The Birds of Prey" and "Spiders in the Web" as well, so it's great that you guys have come out on top!
